

Four Radio Carts

1st Radio Cart Wording

(Begin the advert. with the sound of crashing waves)

We may live on a blue planet, but in every bucket of the earth's water there is only one drop that we can drink.

Of all the water on the planet, just 0.01% is fresh and accessible.

In this International Year of Fresh Water, as declared by UNESCO, your local Christian bookseller has decided to do something for those who desperately need fresh water by supporting a local or overseas project to provide Fresh Water – Living Hope.

In India, just \$1300 is enough money to build a well that will provide fresh, clean, easily accessible water to an entire village, and that is one of the expensive projects.

Visit your local Christian Bookseller today to find out how you can help provide fresh water.

(Finish with words being sung 'Is anyone thirsty?, anyone?, let them come to me and drink, let them come to me. Ohh let the living waters flow ohh let the living water flow')

2nd Radio Cart Wording

(Begin the advert. with the sound of a dripping tap)

This year, water shortages, water pollution, and poor sanitation will kill 10 – 12 million people.

In this International Year of Fresh Water, your local Christian bookseller has decided to do something for those who desperately need fresh water by supporting a local or overseas project to provide Fresh Water – Living Hope.

\$10 Australian is enough to supply one person with fresh, easily accessible water for life.
